DIVERSION, MANNER OF USE AND PLACE OF USE OF THE
PUBLIC WATERS OF THE STATE OF NEVADA
HERETOFORE APPROPRIATED**

Date of filing in State Engineer's Office DEC 23 1997

Returned to applicant for correction _____

Corrected application filed JAN 30 1998

Map filed JAN 30 1998 under 63649

The applicant T.C.Reno, Inc., a Delaware Corporation, hereby makes application for permission to change the Point of Diversion, Place and Manner of Use of a portion of water heretofore appropriated under Permit 11489, Certificate 4827, which changes the point of diversion from South Side Canal to Lake Ditch for Truckee River Decree Claim 251 (455), said Decree entitled "The United States of America, Plaintiff vs. Orr Water Ditch Company, et al, Defendants", in Equity Docket A-3.

1. The source of water is Truckee River
2. The amount of water to be changed 1.20 afa and a prorata share of the diversion rate
3. The water to be used for Instream and natural flow purposes
4. The water heretofore permitted for As Decreed
5. The water is to be diverted at the following point Truckee River water under this application will remain in the river and will not be diverted between the existing point of diversion and the Vista USGS gauge. After the Vista USGS gauge, this water may be utilized to satisfy existing downstream water right allocations.
6. The existing permitted point of diversion is located within the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 19, T.19N., R.19E., M.D.M., or at a point from which the northwest corner of said Section 20 bears South 88° 05' East a distance of 2620 feet. Lake Ditch per Orr Ditch Decree. See Map No. 58923 for existing point of diversion.
7. Proposed place of use Truckee River Decreed water removed from the existing place of use under this application to change will remain in the Truckee River as instream flows from the existing point of diversion to the TMWRF located near the Vista USGS gauging station. This water must remain in the Truckee River and not be diverted between the existing point of diversion and the Vista USGS gauge.
8. Existing place of use 0.26 acre within the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 23 and 0.04 acre within the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 24, all in T.19N., R.19E., M.D.M.. Washoe County Assessor's Parcel Number 19-042-15.
9. Use will be from January 1 to December 31 of each year.
10. Use was permitted from As Decreed to As Decreed
11. Description of proposed works None. Water to remain in the Truckee River between the existing point of diversion and the Vista USGS gauge.
12. Estimated cost of works Not applicable
13. Estimated time required to construct works Not applicable
14. Estimated time required to complete the application of water to beneficial use Not applicable
15. Remarks: This application will provide instream and return flow for water provided for service by S.P.P.Co. outside the Truckee Meadows to

63650

Silver Lake Water Company. After the Vista USGS gauging station this same Truckee River Water may be utilized by downstream water users as natural flow to satisfy existing water right allocations.
